JACKSON SQUARE IS HAMILTON

EVERYTHING IS CONNECTED TO US

"It's located next to Jackson Square . . .", is the quote from the real estate agents. Everyone wants to be connected to the Square because Lloyd D. Jackson Square is . . . the heart of the city.

Located at Hamilton's key downtown intersection, Jackson Square is immediately accessible to all public transportation routes, major inter-city expressways, the Hamilton Convention Centre, the Public Art Gallery and Hamilton Place Theatre Auditorium. Hamilton's main branch Library the famous 150 year old indoor Farmers' Market, 18,000 seat Copps Coliseum and Trade Centre and the 5 star Sheraton Hotel are all a simple climate controlled, indoor step away.

YOUR SPACE

Jackson Square offers you space to work; with over a million square feet of flexible office space featuring floor plates from fifteen to forty thousand square feet in any of four distinctly designed office buildings, with underground parking for over one thousand cars. Space to relax; at the base of a cascading indoor waterfall

surrounded by a fourteen floor hanging garden atrium. Space to socialize; to the pleasant sounds of summer lunch time concerts on our five acre landscaped plaza. Space to shop; with a wide range of retail stores, restaurants and banks but, most importantly, Jackson Square will give you space to be you.

WORKING TOGETHER

The business environments of the next century will require the highest levels of information integration. Office environments will be ergonomically designed for ease of internal movement and the personal comfort of employees.

Working as a team has never been more important. From our own team of building services support staff, to the office environs of the next century and the integrated business support of lawyers, accountants, financial institutions, brokerage houses, insurance firms, government services and corporate head offices; Jackson Square offers you the chance to make the connection. You can do business at Jackson Square.

For information on leasing opportunities in the "core connection",

Design Concept:
David Gillespie, Student Designer
Center For Creative Studies
Detroit, MI

We're designing for the future too.

Our steel solutions give life, strength and design flexibility to the Auto Industry's most creative and practical demands. Our investment in technologies and people will help us meet today's needs and tomorrow's expectations. It's a driving force at Dofasco.

Our recently commissioned Tube Mill is now producing world-class product, primarily for the production of the new hydroformed tubing used in a variety of innovative automotive applications.

In addition, our joint-venture Hot Dip Galvanizing Line, scheduled for completion in 1999, is designed specifically to meet the growing demand for coated product with exposed automotive surface qualities.

It's all part of our design for the future. A strategy to grow with our customers, by providing solutions in steel that will meet their needs today—and long into the future.

DOFASCO

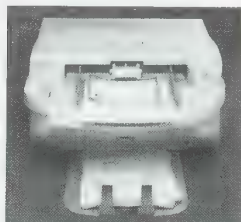

Our product is steel. Our strength is people.

Minding Your Business

Six days a week, The Hamilton Spectator is the Greater Bay Area's preferred provider of daily business coverage. With approximately 300,000 weekday adult readers, the Hamilton Spectator reaches more business managers, professionals and decision makers in the Greater Bay Area than The Toronto Star and The Globe and Mail combined. We think that's a good reason to advertise with us. Don't you?

For information on advertising opportunities, call our Business Accounts Manager at (905) 526-3371.

'Quality Is Always on the Line'

At Slater Steels, Hamilton Specialty Bar Division, we are renowned for the quality of our steel products.

Now, our newly commissioned Danielli 80-ton Danarc furnace gives us bigger 'heats', allowing us to produce our high-quality steel faster than ever. And faster steelmaking means increased responsiveness to your needs.

But the really good news?
This state-of-the-art technology has improved efficiencies and volume outputs while meeting or exceeding all current environmental requirements.

Our commitment to quality
has always been hot - we were the first SBQ mini-mill in the world to receive the coveted QS-9000 and ISO 9002 quality awards.

Now with bigger heats
and the same great quality, we can deliver even more of what you've come to expect from Slater Steels.

Our Team Has A Great Track Record

Intermodal
Freight Systems

Since 1912, National Steel Car has been designing and building quality freight cars that have always been right for the times. Along the way, we've developed products that have set the pace in freight efficiency and economically. Notable examples include unit trains for bulk products, the multi-purpose freight car, and all purpose and stand alone double stack well car.

National Steel Car has always been one of North America's leading manufacturers of railway freight cars and parts. Our design teams use the latest available including CAD, finite elemental analysis, robotics, and computer-driven fabrication techniques. All to assure that an NSC freight car will always perform.

A company-wide quality assurance program, instituted in 1987, is certified and registered with the Canadian Standards Association. This program ensures that we continuously develop our quality programs to the highest standards in the industry.

Our product development teams are dedicated professionals, who take pride in their efforts to build the best quality products on the market. With a commitment to excellence at our fingertips, our team would like nothing better than to put its track record to work for you.

FINANCIAL CONCEPT GROUP

A personalized and informed approach to financial planning and investing

To many, information is the most important commodity in today's world. The goal of Financial Concept Group is to ensure its clients not only get the information they need, but information they understand. Indeed, one of the company's main objectives is to advise and educate consumers in the best methods of planning for, and realizing, their financial goals.

"Our entire financial planning process really supports this whole idea that people should be informed and have knowledge," explains Rick Kennedy, managing partner of Financial Concept Group's Burlington branch. "If clients understand why we have made recommendations, they're more committed to the long-term plan, and therefore more likely to attain their long-term objectives."

With more than 350 advisors in 45 branches across Canada, Financial Concept Group is one of the largest independent financial planning firms in the country, which gives it the size and flexibility to best address the needs of its clients. In the integrated downtown Hamilton, Burlington, Ancaster, Limeridge Mall and east Hamilton Greenhill branches alone, some 35 advisors meet the needs of more than 12,000 investors every year, simultaneously planning for their future while taking care of current concerns.

The company's mission statement offers a straight-forward, no-nonsense approach, promising to "professionally deliver quality financial services and products that assist all constituents in discovering and realizing their financial and life goals."

"Our independence allows us to select from literally thousands of different financial products," explains Don Bridgman, "ensuring that our clients receive the best possible products available."

The professionals at Financial Concept Group are well aware of the role that trust plays when dealing with a commodity as precious as one's financial savings. In a competitive economy

LEFT Rick Kennedy RIGHT Don Bridgman

where every dollar makes a difference, clients need to know their investments are being handled in the most responsible manner possible. That means building a solid client-investor relationship with one specific financial advisor; a relationship built on consistency, honesty and knowledge. Financial Concept Group understands that personally knowing – and trusting – the individual who handles your financial affairs can afford great peace of mind.

With one-on-one relationships a priority, the company tends to attract serious-minded people who have a decided interest in their current economic well-being as well as their future – clients who understand the value of enlisting the assistance of an expert advisor to cut through the often confusing world of financial products and services. For example, with more than 1,500 mutual funds offered in Canada, Financial Concept Group has developed a proprietary databank that can analyze the strengths and weaknesses of each

fund and advise individual investors on the best combination of funds for their unique situation.

Education is another key to success. Not only does Financial Concept Group work to make the complexities of the financial world understandable to average people, the advisors who work for the company receive up-to-date information on a regular basis through regular professional development programs. The company also spends over \$200,000 per year on educational forums that assist its clients in keeping abreast of issues in the economy, investment trends and tax reduction strategies.

A key component to Financial Concept Group's overall philosophy is to represent the Investor rather than the investment. It's a simple rule – one that guarantees that the financial health of the client will always remain the highest priority.

Financial Concept Group Ltd.; Financial Concept Corporation is a licensed Mutual Fund dealer. F.C.G. Securities Corporation is a licensed Securities dealer and member of CIPI.

Can You Provide a Co-op Placement?

Hamilton Board of Education schools and local businesses are working together to prepare students for "real world" challenges.

Thanks to more than 1,000 area employers, many of our students already benefit from Co-op placements.

However, we still need placements for our many able, talented, gifted and physically or mentally challenged young people. Placements could range from high tech. medicine or science to packaging,

food services or maintenance positions.

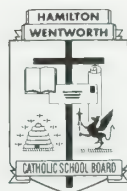

For more information, please contact Co-op Education at 527-5092, ext. 2317.

Thanks for
 your support!

Serving Today, Building Tomorrow

Hamilton-Wentworth Catholic Schools 'Believing, Achieving, Serving'

Our schools focus on the spiritual, social and academic development of more than 27,000 students at 53 elementary schools and six secondary schools in Hamilton-Wentworth. Our graduates serve the community in a wide range of occupations/vocations. Since 1969, we have offered fully inclusive education, in neighbourhood schools, for the disabled, under our philosophy that 'Each Belongs'. We offer a wide range of programs, from Early Childhood education through OAC (Ontario Academic Credits) as well as Continuing Education which includes a host of adult learning programs. pays the best interest."

...at Hillfield-Strathallan College for several generations

HSC's learning process enables the students through in-charge, self-directed learning, and instills self-sufficiency which gives them the courage to try ideas and the willingness to work with others. And the process works. At least 98% of HSC's graduates go on to higher education.

A multi-denominational independent day school, HSC offers a progressive alternative for students in Junior Kindergarten and Montessori 3 through OAC.

Lunches and transportation are provided for all full-day students.

WHAT IS PANORAMA?

"OFFICIAL PUBLICATION OF THE HAMILTON AND DISTRICT CHAMBER OF COMMERCE"

PANORAMA IS your best opportunity to get your message to the key decision makers.

WHAT IS THE MAIN PURPOSE OF PANORAMA MAGAZINE?

OUR BUSINESS MAGAZINE is designed to be an educational tool to inform members as to how to operate their business better, and the tools available to them.

WHO RECEIVES IT? WHO DOES IT REACH?

YOUR ADVERTISEMENT MESSAGE will target the more than 1000 businesses and 1600 individual members of the chamber, while an additional 400 issues are distributed to potential members, and the public and political leadership. These distribution numbers continue to expand as our membership continues to grow. But most importantly, these issues all go directly to the key decision makers in the Greater Hamilton business community.

HOW CAN I BENEFIT FROM PANORAMA?

GOING INTO ITS 25th year of publication, Membership Satisfaction Surveys rate Panorama as: Very Good to Excellent. Fifty percent of our content is information and educative, while the remaining fifty percent is advertisement. Panorama is a great opportunity to keep your service in front of the eyes of your potential customers and your image fresh in the view of the most influential people in your community.

WHAT MAKES PANORAMA UNIQUE?

MORE THAN JUST AN economic forecast, Panorama educates by giving advice, tips, tricks, and strategies to help improve business. Issues and profiles on Who's Who in our community, current trends and local business are the main focus in Panorama. We are extremely targeted to our own community and all the members that operate in these regions. Our goal is: to keep you informed and help your business grow. It's the most effective way to talk about your business!

SHINE A SPOTLIGHT ON YOUR BUSINESS!

The Year 2000 edition of this publication will obviously be 'special'.

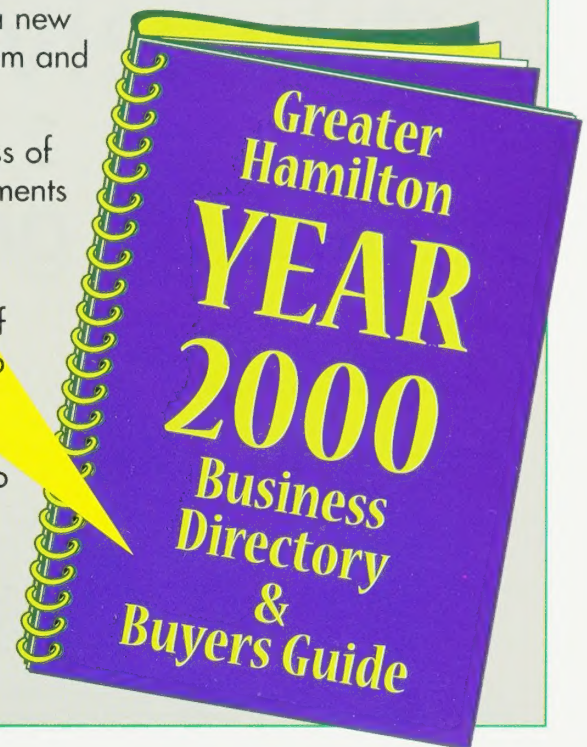

To make it 'extra special' we plan to give it a fresh face and a new authoritative look, to meet the challenges of the new Millennium and better serve the thousands who use it each year.

Providing hard, credible information to business is the business of this book. That won't change. Nor will the colourful advertisements which spotlight the innovative and creative companies in our region.

But what would make it 'really special' would be to see one of those spotlights shining on your company. Not only will it help promote your business today, but it will remind others years from now that your company existed at such a memorable moment in the human calendar, and was a solid contributor to the economic well being of the community.

To shine a spotlight call Orla O'Brien 522-1151, ext. 222 or fax (905) 522-1154.
